

Play Tic Tac Toe Online HACKATHON

Aug - Sep 2026

Ad-supported multiplayer tic-tac-toe for Android

Solo entry for the RevenueCat Shipaton 2026 hackathon. Built as a native Android game with traditional View/SurfaceView rendering and ad-based monetization via RevenueCat.

- ✓ Built entirely solo
- ✓ Ad monetization via RevenueCat

Kotlin Android RevenueCat Ads

Territory Conquest (RISK-inspired) GAME

In progress

A RISK-style territory conquest strategy game

Game inspired by the classic RISK board game. Prototyping core logic in Google AI Studio before porting to native Kotlin for Android, avoiding a WebView wrapper for better performance.

- ✓ Prototyped in Google AI Studio
- ✓ Porting logic natively to Kotlin

Kotlin Android React (prototype)
